### **TRUNK OR TREAT RULES:**

Entry in the Trunk or Treat field opens at 4:30. To enable the Trunk or Treat to begin at 5:30 and to ensure a safe environment for our trunk or treaters, all cars registered to be in the Trunk or Treat must be in the field by 5:15 and will not be able to leave the field before 7:30.

Each registered car is responsible for the set up and take down of their decorations. There will be no electricity on the field.

Each registered car is asked to decorate their car according to a theme and dress up in costume to compliment that theme. All themes and decorations must be appropriate for a young audience. Please no gore, play weapons or fake blood. Some popular choices are children's t.v. or movie characters or settings a scene like the old west, or board games.

Any trunk or treater can set up a small, carnival like game for kids to play, such as bowling, or a bean bag toss. Games should be short and easy to play for young children to be able to play.

Trunk or Treat cars should bring enough candy for 100 trick or treaters. When your candy runs out then you will be restocked from the PTO donation.

There will be a system in place so that kids stop at each car just once; helping reduce the chance of running out of candy. Each trick or treater will have a card with blank boxes. At each station one box on each card will be marked out by the adult giving the candy out. When every box is full, the trick or treater is done collecting candy.
