

# Sweere Weekly

Week of: September 16<sup>th</sup> - September 20<sup>th</sup>

## Coming Up on the Calendar

- Fri 9/20 Picture Day (out of uniform)
- Sat 9/21 Heritage Day Parade (I apologize that I had the wrong date last week!)
- Mon 9/23 NWEA Reading test
- Mon 9/30 NWEA Math test
- Fri 10/4 Grandparents and Special Friends Day (more info to come)

## A Note From Mrs. Sweere

- We had a wonderful first full week of school last week! This week we will explore apples by testing apples and applesauce and exploring parts, lifecycle, and making a stained glass paper apple in art. Watch for a fun apple friend book coming home soon! Scholastic orders are attached (optional). They are due 9/30 and the code is T Q P F Z

## A Peek At What We Are Learning

We will learn about the letter "O" and the color yellow. Our new Superkid is Oswald. Please watch for an email to get set up online! It's a great way to practice letters and sounds. We will also start journaling in our notebooks. We will begin by writing the date, drawing a picture, and labeling the picture with the first letter of the word.

### Language Arts

### Math

We will practice reading and writing 4, 5, 6, and 7.

### Religion

We will be starting our religion curriculum called "Promise." It is built around the Sunday gospel. We will talk about the gospel, use pictures to retell it, and relate it to our own lives and families.

### Sharing

Next week bring anything related to trees (picture, story, bark...) We will be learning about the parts and lifecycle of a tree. We will adopt a tree in our school yard to watch it change all year! Reminder: Please bring an apple this week!

My webpage is up and I will slowly begin adding pictures and important information to it! If you go to the Nativity website, then click "About Us" and then "Our Staff;" you can scroll down and click on my "Homepage" button. Have a great week!
